#### MIT CISR's Mission

MIT CISR helps executives meet the challenge of leading increasingly digital and data-driven organizations. Founded in 1974 and grounded in MIT's tradition of combining academic knowledge and practical purpose, we work directly with digital leaders, executives, and boards to develop our insights.

#### Current MIT CISR Research Projects

- Business Models in the Agentic AI Era
- Decision Rights, Autonomy, and Value in the Agentic AI Enterprise
- Managing Digital Colleagues
- Reimagining the Future of Data Management
- Skills in Motion: Developing Expertise at the Pace of Change
- The Enterprise IT Operating Model's Role in Capturing AI Value
